Academic and Disciplinary Standards
Student understands and agrees that:

- The Hoosier Link program requires completion within three semesters (fall 2019, spring 2020, and summer 2020).
- The student must be enrolled full-time during each semester enrolled at Ivy Tech Community College Bloomington in order to be eligible for Hoosier Link admission.
- Academic and financial aid advisors are consulted prior to adjusting the course schedule.
- The minimum grade point average that must be maintained is 2.5 and students must achieve individual grades of regular “C” or above in nine or more transferable credit hours each semester to maintain eligibility.
- A grade point average below 2.5 results in academic probation; students have one semester to meet the 2.5 expectation.
- Dropping below a 2.0 cumulative grade point average creates risk of dismissal from Ivy Tech Community College Bloomington.
- Any conduct records incurred while in the Hoosier Link program may remain on file and become part of the student’s Indiana University student record.

Probation/Dismissal
Student understands that:

- Failure to meet academic and/or disciplinary standards may result in dismissal from the Hoosier Link program.
- Not meeting program benchmarks after a probationary semester may result in dismissal from the program.
- Students placed on disciplinary probation, suspension or dismissal may not be considered for admission to Indiana University until such sanctions are lifted or the behavioral committee at Indiana University approves admission.
- The Hoosier Link transfer opportunity is not applicable to students dismissed from the program for any reason.
